Her Irresistible
Physique became
my musical domain And just
as I caress her fretted alluring curves
She continues to tug the strings attached to my heart
and nerves Her ways are youthful with nothing to
prove She will always be my ————definition of
unrestricted love and truth ————Perfection for
her will never be a simple loop With———- oil paint
tracing the overlapping lines that———- knots
and not Her elements burn———- together
becoming one in———- the melting pot
Despite her muted aspects, her beauty is
Evident Abstract ways persistent,
impermanent, yet elegant
My disoriented feelings fo
r her will be forever in
Flame

For she was deviant art, ensembled even when maime
